Railroad right-of-way; thence South-easterly along said right-of-way to a point 75 feet from the East line; thence East 75.0 feet more or less, to the point of beginning; that this map is a full, true and correct map of the tract of land above described with the dimensions and the field notes correctly determined by solar and polar observations; that all the corners of the lots have been correctly staked and that this map comprises what is to be known as HOLLYWOOD, located within the corporate limits of Helper, Idaho.
