**NARRATIVE**

The purpose of this survey is to survey and monument the boundary of the Church property on the ground for fence construction purposes. The basis of bearing of this survey is Geodetic North per global positioning methods using a Trimble 4700 system with the initial point being at the aluminum cap monument at the west side of the Scofield Cemetery known as a Carbon County and National Geodetic Survey Cooperative Base Network Control Station number A15869. This position was checked by an independent measurement using NGS OPUS calculations.

**NOTES**

- The information hereon is subject to and conditional upon easements, rights-of-way, codes, covenants, conditions, agreements, obligations and restrictions of record and according to the exceptions as detailed by the owners' records and title insurance policies which are hereby made a part of this survey. This survey is subject to any facts, conflicts or discrepancies which would be disclosed by the details of a correct title insurance policy.
- Utility pipes, wires, conduits, etc., may exist below the surface of the ground. Therefore, owners, contractors, builders and excavators shall, at a minimum, contact Blue Stakes, refer to utility company maps and Church records in order to verify the size, location and elevation of all existing utility features prior to any excavation or construction.
- This survey does not include location nor evaluation of mineral rights, water rights nor water facilities.
