**NARRATIVE:**  
Boundary Consultants were retained by S. Scott Carlson of Twin Peaks Engineering P.C., agent for Sunnyside Cogeneration Associates to perform a record of survey of the subject parcels prior to their purchase.

This survey commenced November 01, 2011 with field work finalized November 11, 2011. Survey control originated at NGS station "Valley View Cemetery" PID A15829, NAD 83 (2007) coordinates 39° 32' 57.35055 (N) 110° 24' 02.60354 (W). Basis of Bearing was obtained by observing the GLO monuments monumentizing the Northeast and Northwest corners of Section 7, Township 15 South, Range 14 East, Salt Lake Base and Meridian and calibrating to match previous surveys prepared by other firms.

A diligent search was made for the East Quarter, the Southeast, and the South Quarter Corners of Section 8 with no success in finding those corners or their accessories. Due to budget constraints no further search was performed outside of the section. The location of the Southwest Corner of Lot 4 and the Northeast Corner of the West Half of Lot 3 were determined from the found monumentation along the west line of the Northwest Quarter and North line of Section 8, then intersecting a line EAST from the Southwest Corner of Lot 4 corner and South from the Northeast Corner of the West Half of Lot 3.

**DESCRIPTIONS:**

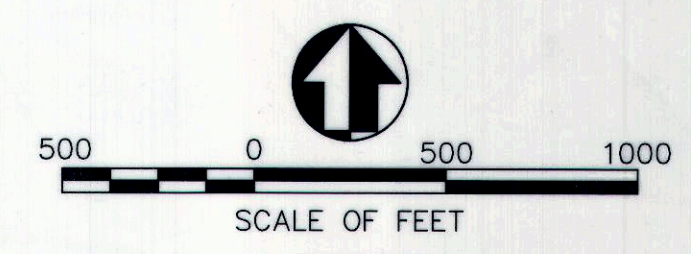

**PARCEL 1:**  
THE SOUTH HALF OF THE SOUTHWEST QUARTER OF THE SOUTHWEST QUARTER SECTION 5, TOWNSHIP 15 SOUTH, RANGE 14 EAST, SALT LAKE BASE AND MERIDIAN.
