2024 Election Year Information

In anticipation of the 2024 election year, it is important to be well-informed on important dates and procedures.

*The Party Affiliation Deadline is the last day that you can choose which political party you want to be affiliated with. This choice matters because it can affect the kind of ballot you get in a primary election and can determine which primary you can participate in. **The Party Affiliation Deadline is January 09, 2024 at 5:00 p.m. Your chosen party will remain in effect until after the June primary election and cannot be changed after the January 9 deadline.***

*2024 is a Presidential Election year. In adherence with state law, each political party sets its own rules regarding who can participate in their primary elections and caucuses. The Republican Party has opted to conduct a Presidential Preference Poll during their caucus meetings and participation requires Republican registration. Democrats, on the other hand, are holding a **Presidential Primary Election on March 05, 2024. Registered Democrats will receive a ballot in the mail or can vote in person at the vote center. Those not affiliated with the Democrat Party can participate in the Democratic Presidential Primary election by requesting a ballot.***

*For those candidates who are not a part of the presidential primary, **the Regular Primary Election is scheduled for June 25, 2024. The electoral sequence concludes with the General Election on November 05, 2024.***
