

GIS FEES

Carbon County GIS has the right to inquire about and investigate the use of any requested products, and deny access to anyone based on concerns relating to privacy, security, public health, public safety, and general welfare of the community deemed as such by the department head and/or commission.

Hard Copy Maps

Client will incur material costs for all printed maps, including revisions.

All hardcopy map printouts can be accompanied by a digital file of the map for no additional cost. Available formats are:

- Bitmap (* .bmp)
- Graphic Interchange Format (* .gif)
- Joint Photographic Experts Group (* .jpg)
- Portable Document Format (* .pdf)
- Portable Network Graphic (* .png)
- Tagged Interchange Format (* .tif)

All Carbon County maps are printed by default on standard white coated paper. High-gloss photo paper may be requested and will result in the doubling of the normal map cost.

A. Property Maps

Typically shows property lines, streets, parcels, and hydrography. Any of these layers may be omitted or other layers added upon request.

Road Sign / Addressing Services

F. Private Road Signs

If two structures that require addresses will be accessed from the same driveway and are more than 200' from the main road Carbon County requires a private driveway to have a road name assigned. The road name will be assigned in accordance with our N-911 addressing standards and will be assigned by the county. The county will order and install the sign. These fees will be paid with the building permit fees.
