**If a property owner or a property owner's spouse claims a residential exemption under Utah Code Ann. § 59-2-103 for property in this state that is the primary residence of the property owner or the property owner's spouse, that claim of a residential exemption creates a rebuttable presumption that the property owner and the property owner's spouse have domicile in Utah for income tax purposes. The rebuttable presumption of domicile does not apply if the residential property is the primary residence of a tenant of the property owner or the property owner's spouse.**
